Dedication

We, the Class of 1986, dedicate our Chieftain to you, Barbara Cronin. Because of your dedication to our class, we are able to have this yearbook. Just when we thought our class would not be represented, you took us by the hand and lead us through our Senior Year.

When we think of you, many things come to mind. You are our personal friend during any time of need; you counsel us whenever we need to talk to someone; you teach us with skill, love and knowledge; and most of all, you care.

We thank you for the long hours of work and stress, for the nights you spend chaperoning and fundraising, for the introduction to the right side of our brain, and last but not least, for your complete involvement in the priorities of our Senior Year . . . It has not gone unappreciated.

Sincerely,
The Class of 1986

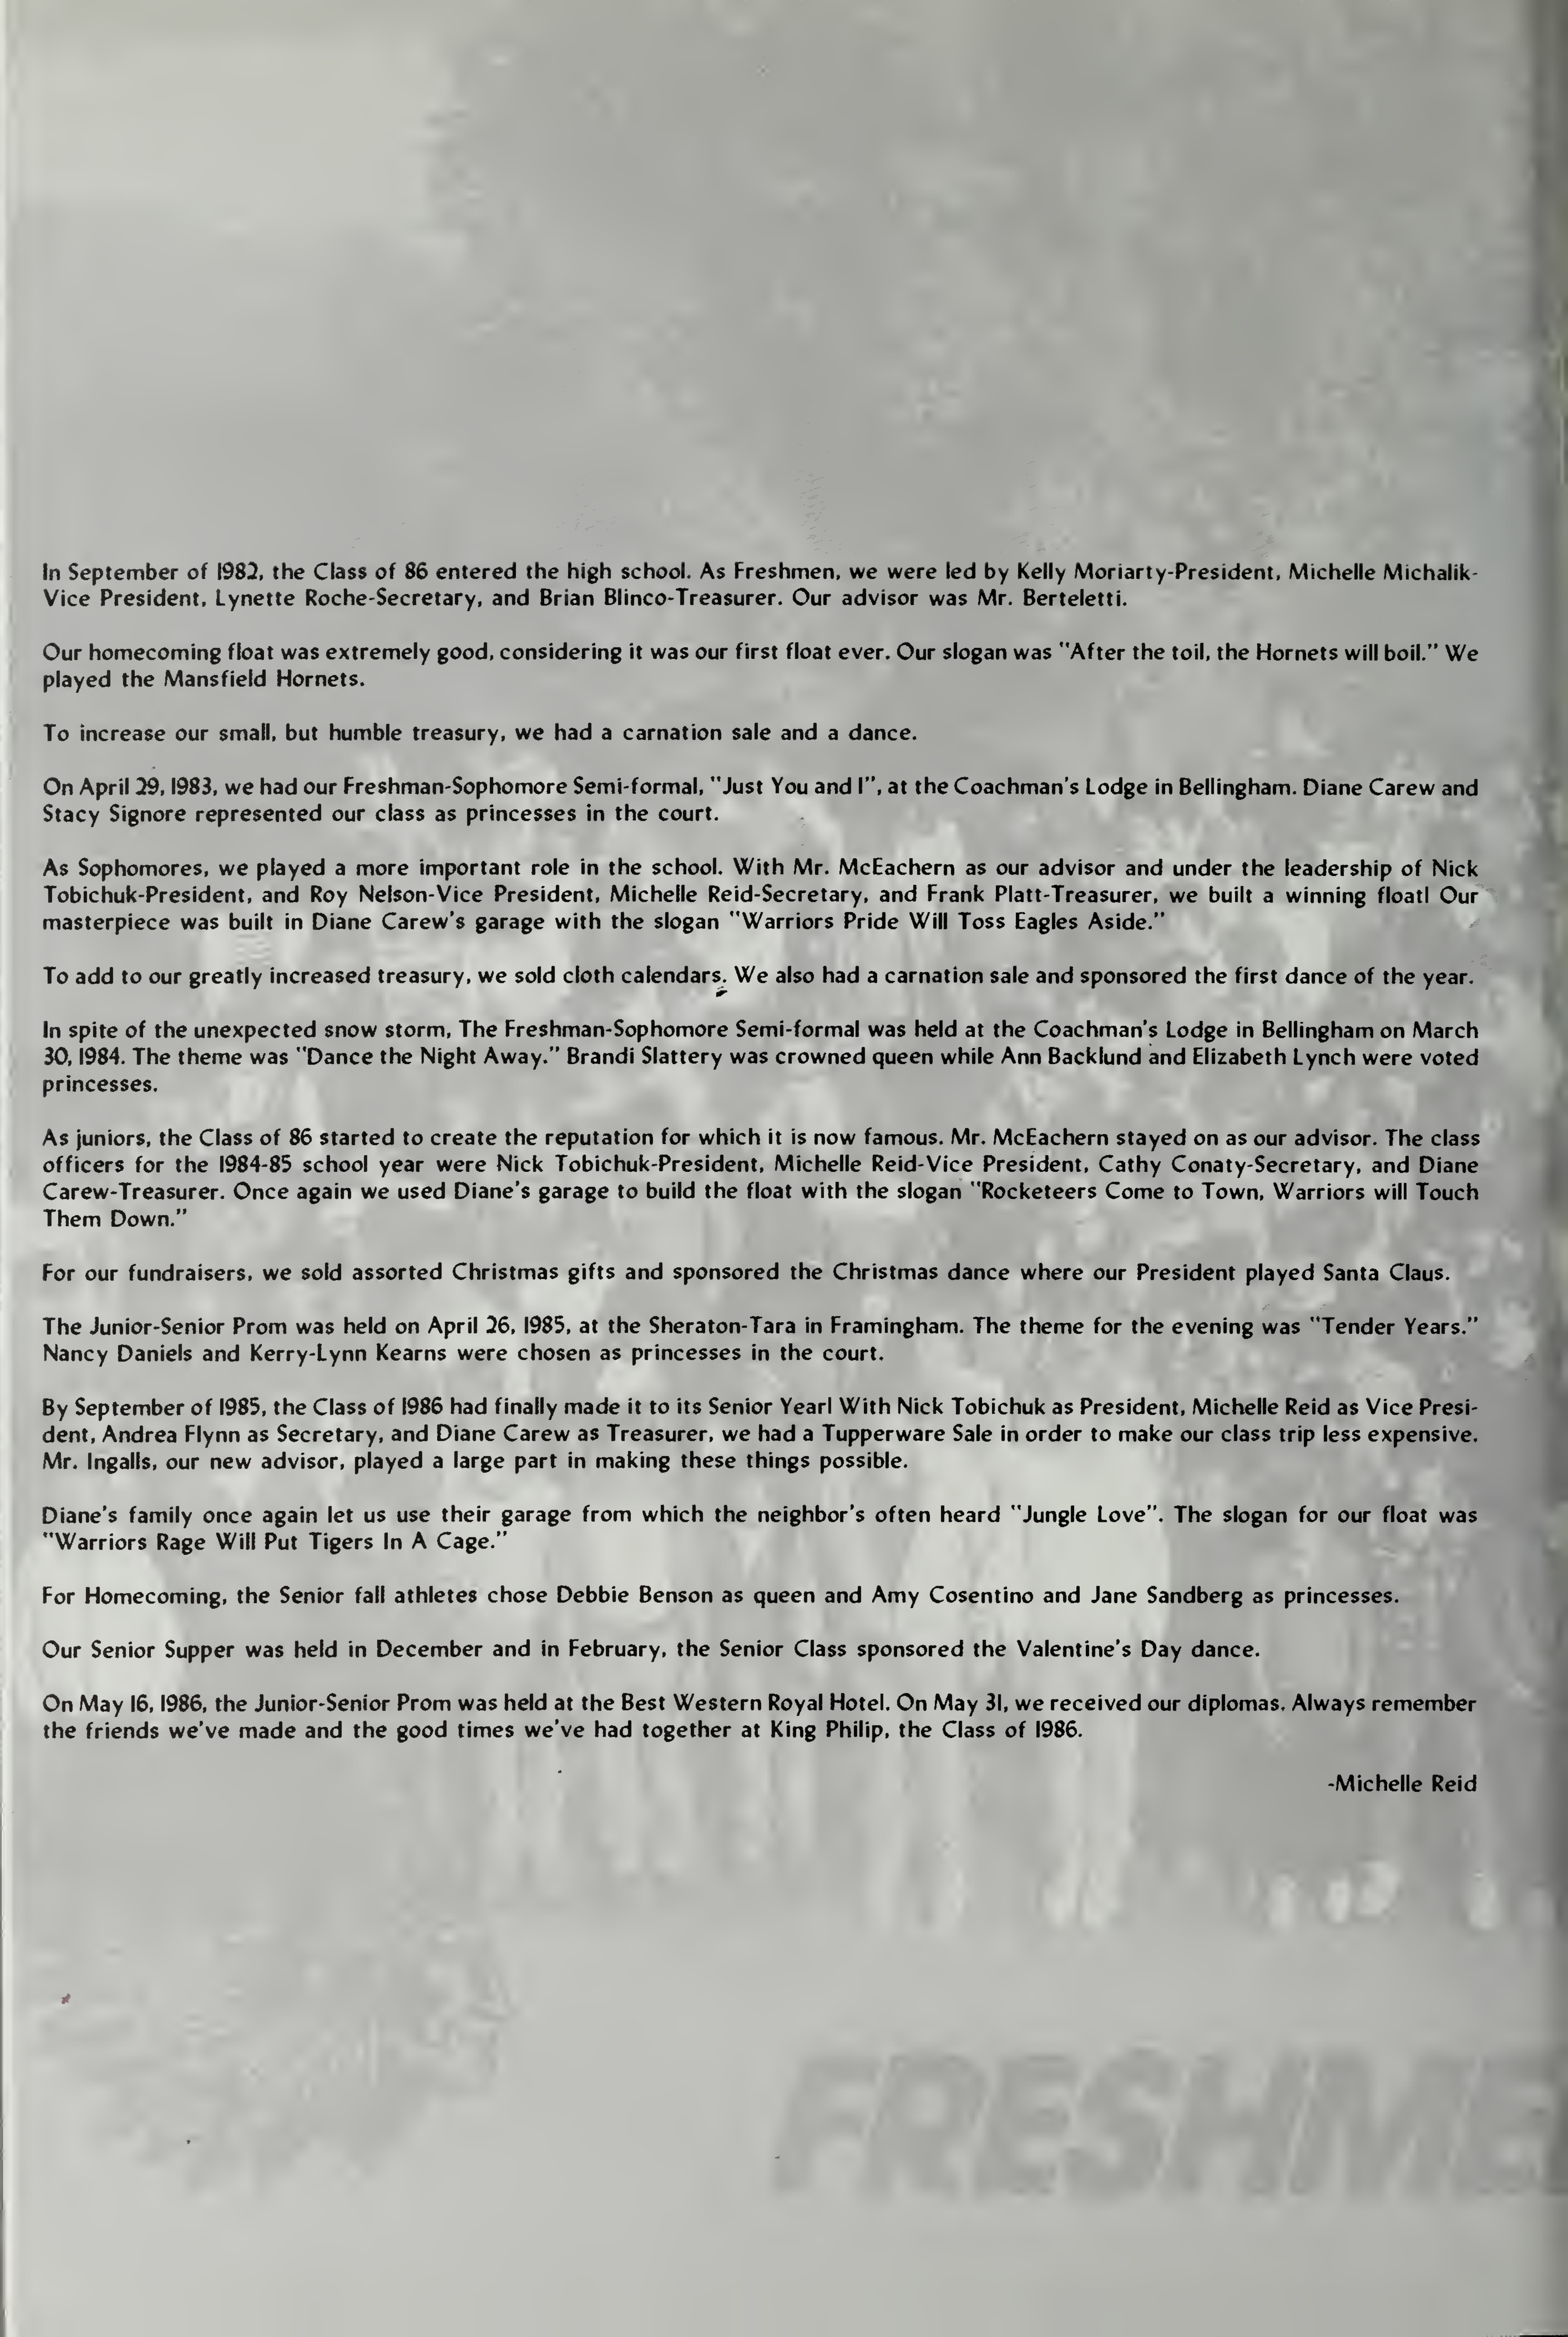
Class History



In September of 1982, the Class of 86 entered the high school. As Freshmen, we were led by Kelly Moriarty-President, Michelle Michalik-Vice President, Lynette Roche-Secretary, and Brian Blinco-Treasurer. Our advisor was Mr. Berteletti.

Our homecoming float was extremely good, considering it was our first float ever. Our slogan was "After the toil, the Hornets will boil." We played the Mansfield Hornets.

To increase our small, but humble treasury, we had a carnation sale and a dance.

On April 29, 1983, we had our Freshman-Sophomore Semi-formal, "Just You and I", at the Coachman's Lodge in Bellingham. Diane Carew and Stacy Signore represented our class as princesses in the court.

As Sophomores, we played a more important role in the school. With Mr. McEachern as our advisor and under the leadership of Nick Tobichuk-President, and Roy Nelson-Vice President, Michelle Reid-Secretary, and Frank Platt-Treasurer, we built a winning float! Our masterpiece was built in Diane Carew's garage with the slogan "Warriors Pride Will Toss Eagles Aside."

To add to our greatly increased treasury, we sold cloth calendars. We also had a carnation sale and sponsored the first dance of the year.

In spite of the unexpected snow storm, The Freshman-Sophomore Semi-formal was held at the Coachman's Lodge in Bellingham on March 30, 1984. The theme was "Dance the Night Away." Brandi Slattery was crowned queen while Ann Backlund and Elizabeth Lynch were voted princesses.

As juniors, the Class of 86 started to create the reputation for which it is now famous. Mr. McEachern stayed on as our advisor. The class officers for the 1984-85 school year were Nick Tobichuk-President, Michelle Reid-Vice President, Cathy Conaty-Secretary, and Diane Carew-Treasurer. Once again we used Diane's garage to build the float with the slogan "Rocketeers Come to Town, Warriors will Touch Them Down."

For our fundraisers, we sold assorted Christmas gifts and sponsored the Christmas dance where our President played Santa Claus.

The Junior-Senior Prom was held on April 26, 1985, at the Sheraton-Tara in Framingham. The theme for the evening was "Tender Years." Nancy Daniels and Kerry-Lynn Kearns were chosen as princesses in the court.

By September of 1985, the Class of 1986 had finally made it to its Senior Year! With Nick Tobichuk as President, Michelle Reid as Vice President, Andrea Flynn as Secretary, and Diane Carew as Treasurer, we had a Tupperware Sale in order to make our class trip less expensive. Mr. Ingalls, our new advisor, played a large part in making these things possible.

Diane's family once again let us use their garage from which the neighbor's often heard "Jungle Love". The slogan for our float was "Warriors Rage Will Put Tigers In A Cage."

For Homecoming, the Senior fall athletes chose Debbie Benson as queen and Amy Cosentino and Jane Sandberg as princesses.

Our Senior Supper was held in December and in February, the Senior Class sponsored the Valentine's Day dance.

On May 16, 1986, the Junior-Senior Prom was held at the Best Western Royal Hotel. On May 31, we received our diplomas. Always remember the friends we've made and the good times we've had together at King Philip, the Class of 1986.

DEPARTMENTS

Seniors,

WE, the TEACHERS of the Class of 1986, being of sound mind and body??, hereby bequeath the following to you;

Mrs. Raymond leaves her white Corvette to Missy Hagopian.

Mrs. Eleanor Reed Alter leaves to the class of '86 the following contents fo Room 118: one music stand, the joy of creative writing, 16 concentration capsules, and the memory of British Literature we read together.

Mrs. Maxell leaves her bran muffin and vegetarian cook books to all her DECA students. Here's to your health!

Mrs. Negus to the graduating class: Felis qui potuit rerum cognoscere causas. (Happy is he who has been able to learn the causes of things.)

Mrs. Fagan leaves to Karen Pennachio her attendance at 1 girls' soccer game!; to John Vine 2 very interesting (?) years (I'll never be the same); to Rebecca Rausch many thanks (?) for talking me into doing the S.C. workshop; to all N.H.S. members best of luck in the future; to Lisa Caprarella a dime and an algebra book; to Diane Carew a memorable senior year; and to all seniors much luck, happiness and success.

C.E. Faulk to all ambidextrous atavists: Do not do anything underhandedly. Noli Res Subdole Facere.

Mr. Sumner leaves to Dave Johnson the opportunity to compete in the annual egg drop again. . . and again. . .

Mrs. Cronin leaves her dirty sinks to Tony Odoardi and Cheryl Washer. Her radio turned off for Roy Juergens. A final deadline stretcher for yearbook to Barbra Charron and Eric Osborne. And all the happiness and best wishes for the future to the class of eighty-six with much love.

Ms. Kelly leaves her ingenuity and quick thinking to future members of the Wrentham Fire Department.

Mrs. Wernborg leaves her recipe for chicken salad to those seniors who will be going into the teaching profession. Good luck.

Mr. Breitenbach leaves to the senior class his ability to make plenty of dough.

Mr. Courtois leaves his recipe for chicken soup in hopes they will always be healthy.

A friend to the 1982-3 Math Skills I fifth period class: P. stands for Persis. Good luck to you all.

Nancy Tower leaves a kiln to unload to Ted Vanlingen, a sink to clean to Wendy Barton, and her field hockey stick to Kristen O'Connell.

A.T. Resca to the senior class: Smiles, love happiness, and success.

Coach Bremer leaves built-in springs for Nancy Gouthro's track shoes so she can jump farther and run faster and be a college track star.

Miss Turco leaves Bob Molloy, Paul Morse, Leigh Dwelley, and Rick Sabin a revolving door so that they can get in and out of school with less difficulty.

Ms. Coutu leaves to Lisa O'Neil a bottle of pepsi and a bottle of R.C. Cola, to Jim McCarthy a spare tire, to John Schramm a megaphone.

The Art Dept. of the King Philip Regional High School is one of the fastest growing departments at the high school. It has quadrupled in size in the last four years, and now services about two hundred and fifty students or one-fourth of the student body.

Foundations of Art, Graphic Design, Ceramics, and Advanced Placement Art are some of our more popular courses.

Our art students get some first hand layout and communication skill reinforcements as they help out with our yearbook, "The Chieftain," which is under the direction of Barbara Cronin.

Miss Leggee

I took business education to open up my possibilities in the future. Most every working field envolves business; therefore, my business education will come in handy in any career I choose. Also, if I decide to work in a business office, I have learned many things that will help me keep my job and move up the ladder of success faster. By taking Business education subjects I have a world of opportunities which I can choose from. . . Mary Ellen Gillis.

Business Education has taught me a lot about where I'm going. I learned that you have to work as hard as you do in any other classes but it does pay off in the end. Beth Grazado

Business Education has taught me what it requires to survive in the real world. It's hard work, but seeing the results in the end make it worth-while. Dawn Derham

When I stated high school, I was in all college courses. These courses didn't interest me. Whatsoever. So, I started taking Business courses, and I actually felt like I was learning something. I think Business Education is much more helpful in training for life after high school because it teaches you a skill that will be useful in entering a career. Missy Hagopian

Business education is really terific. It helped to get me going in the right direction. It is also very intersting and not like other classes. It's fun, and training for the future. Donna Sera.

Being in the business department was the right move for me. I worked independently and grew more confident in myself. The business department prepared me for the real world out there. Lisa

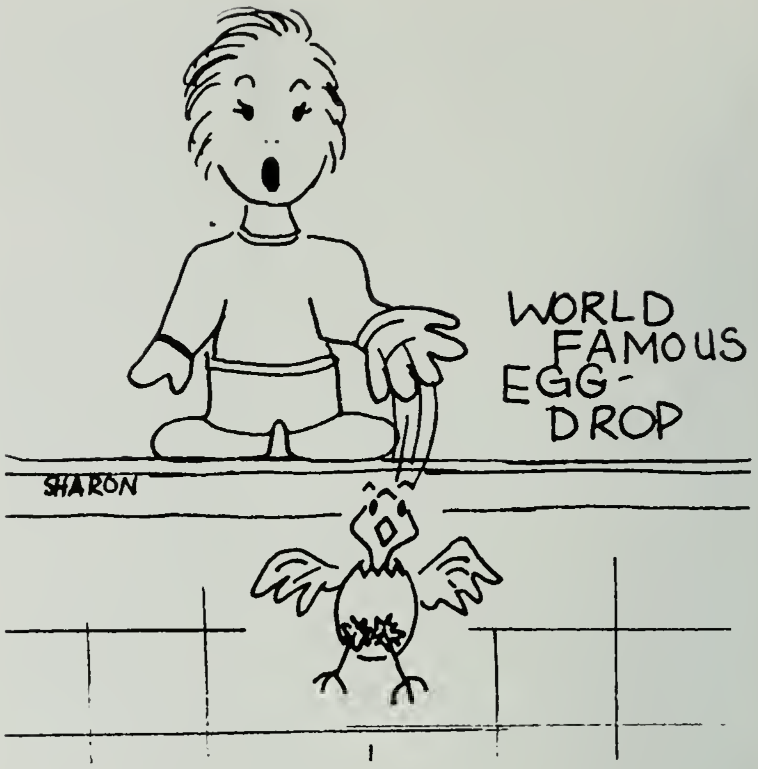
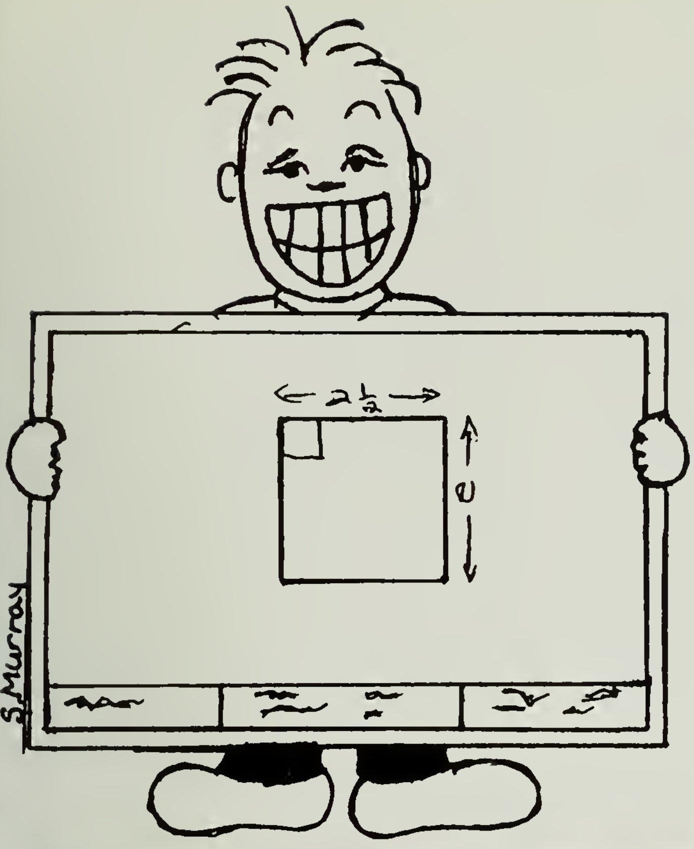
TECH. DRAWING

In complex civilizations like ours, there are many opportunities in the technical field. Tech drawing is considered basic to a all technical courses. It is the principal means of expressing ideas in a technical world.

Drawing is the oldest type of expression. It is understood by everyone, and known as the universal graphic language. A word is an abstract symbol representing a thing of idea, but a picture visually represents the object. This need for pictures creates the need for technical drawing.



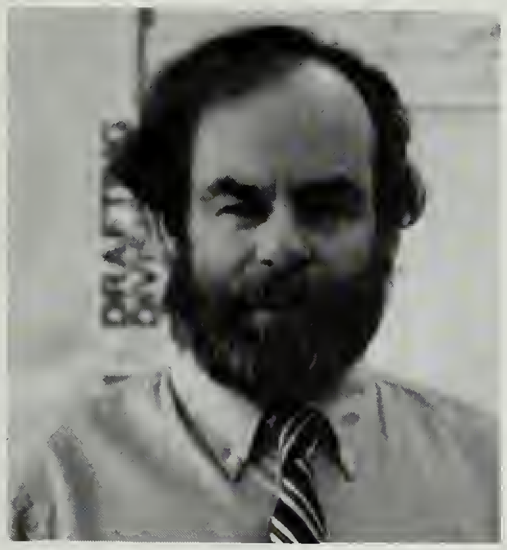
DRAFTING



Drafting has been an integral part of industry for many years. It is the link between engineering design and manufacturing. Information is quickly communicated to manufacturing in the form of drawing prepared according to the drafting standards. Drafting is a modern profession that continually needs new workers.

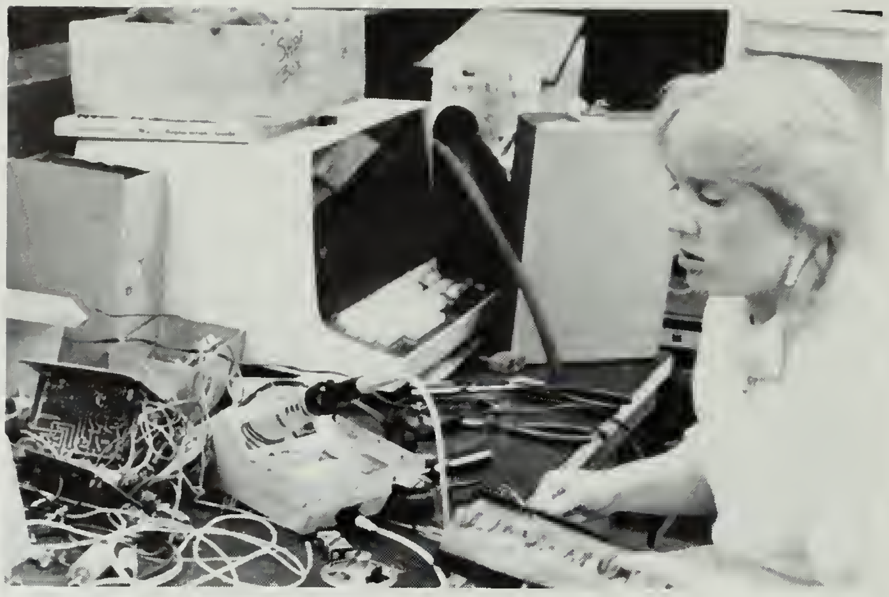
Once the basics of drafting are understood, those with a continuing interest in drafting may select an area of specialization to gain additional experience.

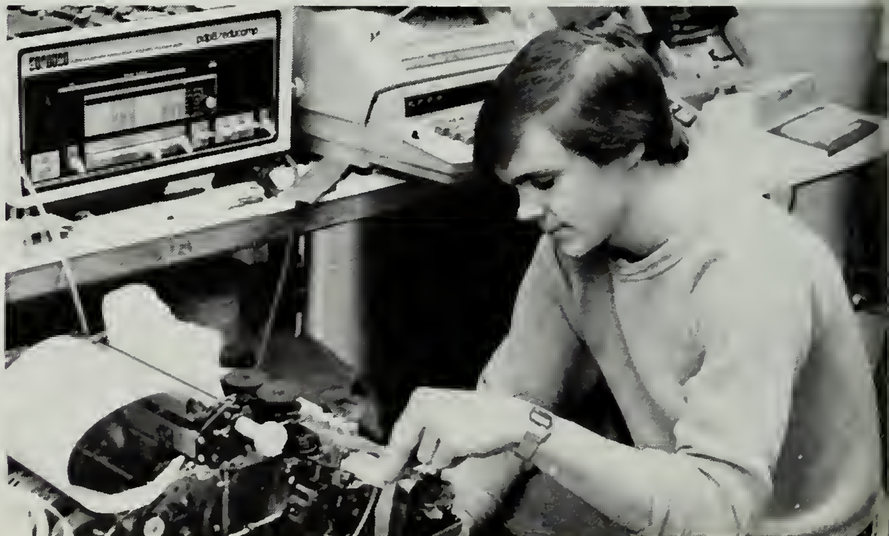
Mr. Sumner



Mr. Riley

ELECTRICAL





Electrical is a course designed to instruct students in the knowledge of electrical theory, how it's generated, controlled, distributed, and put to use. Students learn the adaption of this theory in the electrical shop by wiring various types of switches, lighting fixtures, appliances, power tools, signs, transformers, motors, controllers, and high and low voltage. Dedicated students can pursue: alarm systems, electronics, cable TV and robotics.

Mrs. Villiard

Modern society needs a science program that is relevant to contemporary life, and that clearly serves the future. Therefore, we in the science department endeavor to improve the learning situation for our students so that they become knowledgeable of the content process and application of science and the responsibilities of scientists to themselves and to society.

Sheet Metal work in the building trades is governed by the gauge of metal used. It is classified as ranging between 10 ga. and 36 ga. U.S. Std. Building trades sheet metal work deals with the design, fabrication, and installation of air-handling systems. Here ductwork is constructed and installed for heating, cooling, and ventilating both residential and industrial buildings. Along with this, construction and installation of items such as gutters, flashings, copings, decking, cornices, tanks, hoppers, louvers, ventilators, canopies, conductors, skylights, and cyclones are on intergal part of the sheet metal worker's responsibility.

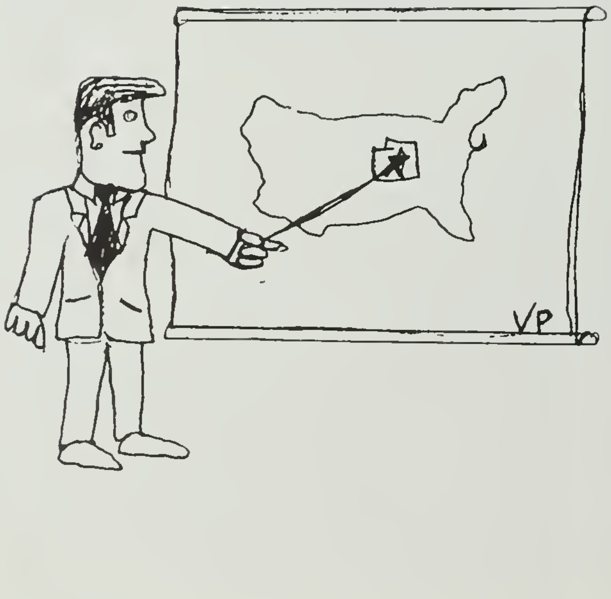
Social Studies



The Social Studies Department has elective offerings as well as two required courses to complete graduation. Youth and Law, Economics, Psychology, Sociology, and Modern European History are the courses that many seniors elect. This year social studies students will participate in the National History Day Contest, Student Government Day, Hockomock Model Senate, and Labor Contest.

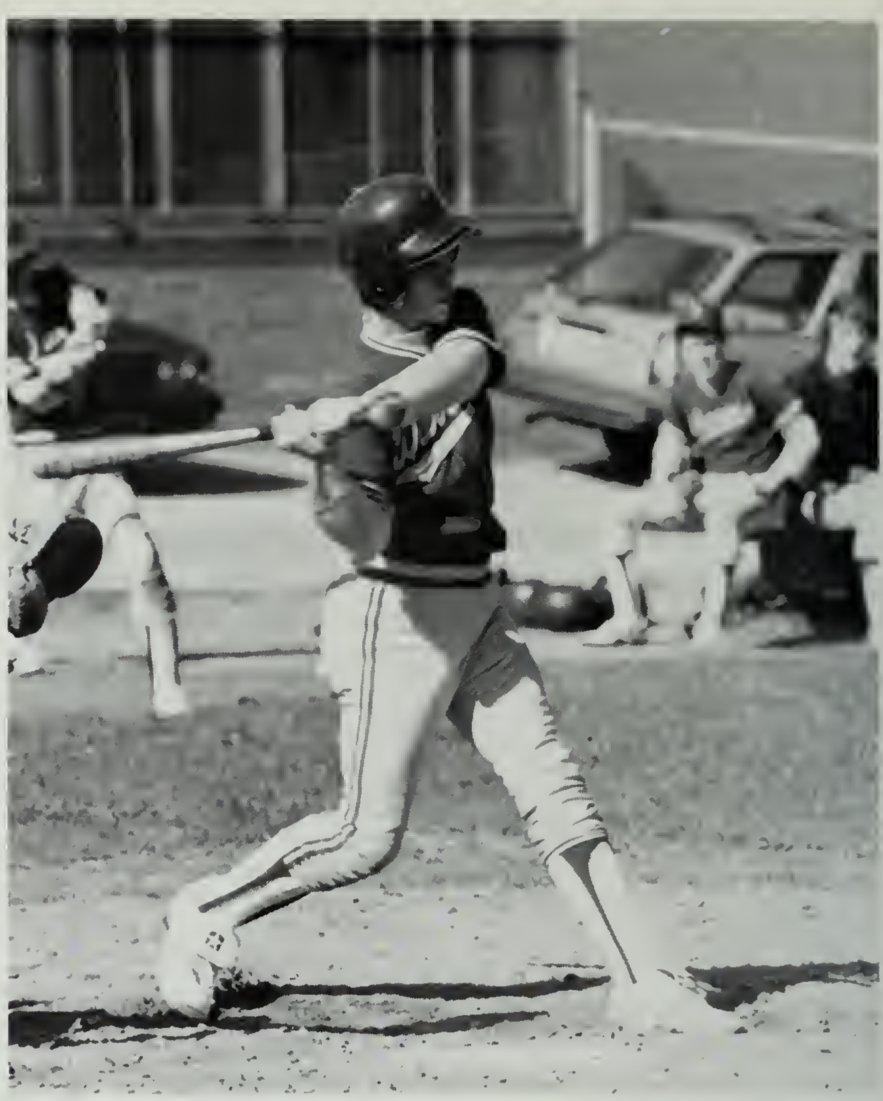
Baseball



The 1985 Warrior baseball team enjoyed another successful spring season. With a mixture of veterans led by captains Dave Bishop and Mark Dittrich and underclassmen Jay Murray, Bill Hartford, and Ed Moran. The '85 Warriors again played exciting baseball. The highlight of the season was the performance of hard hitting senior captain, David Bishop, who was voted the Hockomock League's all league catcher. David was also elected team MVP while John Redihan was voted the team Unsung Hero.

The 1985-86 hockey season has been a difficult one for the K.P. Warriors. The Hockomock League schedule that we played put us up against some of the toughest teams in the state for over half of our games. Despite the tough scedule, the Warriors worked hard and played well led by co captains Rob Rose and Russ Molloy and seniors Arthur Connelly and Mike Hobbs. One lesson that has come through this season is that we must "Play as a TEAM . . . Win as a TEAM . . . Lose as a TEAM . . . and Pay as a team.

This is the first year that King Philip has had a girls freshmen basketball team. The team was coached by Mr. Platt and the captain was Sarah Mick. In our short season, we compiled a 1-7 record, with two of our losses being by less than three points. Great strides were made both individually and as a team and the girls should be proud of their tremendous accomplishments.

The girls Junior Varsity basketball team started this years season with almost all inexperienced players. The girls came a long way in their ability, knowledge of the game, skills, and sportsmanship. The girls worked hard and had an enjoyable time playing. The team was led by sophmore co-captains Julie Barrett and Jennifer Masterson, as well as Coach Nancy Tower. Because of the newly formed Freshman team and the experience the girls have gained this year, we are looking forward to an excellent season next year.

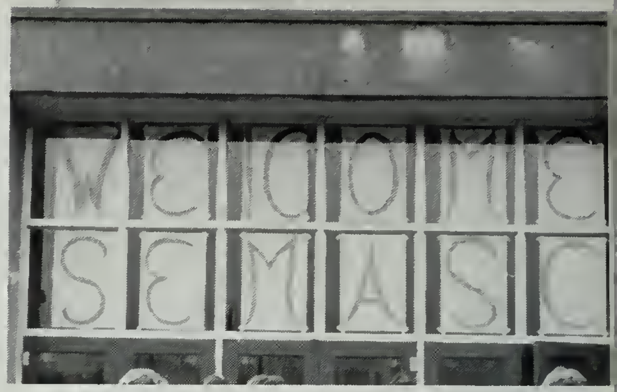
STUDENT COUNCIL

Juniors #1

This year the King Philip Student Council planned and hosted the Southeastern Massachusetts Student Council Convention with over 30 high schools attending. The theme for the Convention was "Lead Today for a Better Tomorrow." Jack Williams, Channel 4 TV Anchorman was the keynote speaker. Rebecca Rausch, KP Student Council President and the entire Council did an outstanding job planning and working the day of the convention.

The Convention came right after a very successful spirit week the Council sponsored in preparation for the Homecoming Game. Also, the Council raised money with the aid of the Student Body to spend contributions to Children's Hospital and The Boston Globe Santa Fund. Other Council highlights are; mini-spirit week, Christmas baskets, and class competition night. Each year at graduation the Council grants two scholarships to seniors.



This year our Student Council hosted the SEMASC Convention at K.P. on November 6, 1985

REFLECTIONS . . . of a Drama Club member . . .

As the curtain slowly rises, my mind is not cluttered with my lines, but with memories of the last few months. I can remember showing up for the first tryouts of the play, scared beyond all belief and too shy to speak with anyone. Yet the older more experienced members were friendly and made me feel at ease. When rehearsals started, I had only a few friends, and pretty soon I knew the whole cast and crew.

Of course, Drama Club is not all friends and fun; a lot of it is hard work. But that hard work seems to draw you closer to the people around you, until you feel like a family. Go ahead and mutter your breath that it's not worth it, but try to tell me that as the audience gives us a round of applause that will forever be in some corner of my mind. Now as the curtain closes, I lean to congratulate the person closest to me and say, "Until next year;" because as far as Drama Club goes, once you're hooked, you're hooked.

Students that have maintained a cumulative 3.0 unweighted average by the end of the first quarter junior year are invited to apply for acceptance into the National Honor Society. Students must display the qualities of scholarship, leadership, service and character. The application process also includes a written essay and a personal interview. Students chosen by a faculty council to be members are then inducted into the Society in a special ceremony.

The purpose of boys' and girls' state is to educate its citizens in the rights, responsibilities and duties of American citizenship. Upon registering at the convention students are assigned to a city. These "cities" constitue a state. They are also assigned to a political party. These parties develop their own campaign issues and platforms. The representative students are voted by the faculty.

The Math League consists of outstanding students in the math department. These students compete on a regular basis with other schools. There are four areas in which the students are tested (Algebra I and II, Geometry, and Trigonometry).

Tutors

Tutoring is an organized program set up by the Guidance Department to assist students in subjects with which they are experiencing difficulty. Honor students use their free time or after school time to help students requesting tutoring. Instruction takes place in the school Media Center. At times, on request of parents, tutoring is done at home for a nominal fee.

The International Language Club is a newly organized group of students who are taking French, Spanish, or Latin. Students hold monthly meetings and this year spent a day in New York City visiting the United Nations and World Trade Towers. They also organized an International Christmas party, a multilingual newspaper and will help in organizing our annual Foreign Language Fair in March.

P. Lancieux

"Quand on peut parler et écrire une langue étrangère, on peut mieux comprendre les problemès d'un peuple."

Michelle Reid

"Hablar en espanõl a amigos o extranjeros es un desafio y es muy divertido."

Paulette Cadieux

"Une langue étrangère nous donne une perspective de notre vie et celle des autres."

Shawn Simpson

"Una lengua extranjera abre una puerta nueva al mundo."

Anita Carson

"J'adore parler et le français me donne une autre occasion de parler."

Nancy Daniels

"Les langues étrangères ouvrent les portes du monde."

VIDEO CLUB • CHORUS • VICA

The King Philip Video Club is newly formed (in 1985) and already has a solid membership. The members of this club are trained in the use of professional video equipment and receive, as a result, valuable experience in the television field. This year saw the debut of the King Philip News Line, a live weekly news show produced entirely by club members. Advisor, Dan Cronin, is a representative of Massachusetts Cable Vision. His skill and dedication have made the club as successful as it is, and will continue to be.

First row, l to r Dana Vernon, Paula Feriole, Sharon Roderic, Jeff Blood, Jacque Beckers Middle row, l to r Glen Eykel, Jeff Beckers, Julie Houseworth, Joe Tennyson Third row, l to r Mike Damato, Adam Chandler, Joe Davis, Jim Holst, Fred Hurder, Peter Sandberg Not shown: Brian Dunn, Jason Chandler, Scott Kammerer, Jim Barrett

Chorus L to R Julie Houseworth, Abby Stevens, Sara McGill, Melanie Pettis, Hope Stuart

The chorus program is open to all students who enjoy singing and would like to participate. The class met three days a week. A variety of music/songs was taught, and there were occasional concerts given in conjunction with the overall music program and activities, including the band.

What is Vica? The Vocational Industrial Clubs of America (VICA) is the national organization serving trade, industrial, technical, and health students with leadership, citzenship, and character development programs and activities.

"The gang's all here"

Chieftain: What an experience! Layouts, copy prints, photos, cartoons, captions, designs' plans, lettering decisions, more layouts—and don't forget the deadlines—so much goes into our yearbook! It is the result of the members who came diligently to meetings after school and Monday nights, and of Mrs. Cronin and Mrs. Brennan who gave 110% of themselves 25 hours a day that this Chieftain volume has been published.

We have tried to capture the life, activities, and the atmosphere of King Philip within these pages so that our memories of the good times may live on to inspire us in days to come.

Without the help and support of these dedicated ladies, Mrs. Brennan and Mrs. Cronin, Chieftain would not exist. A special thank you is due to both them!

"A few members of Eric's fan club"

Meet those deadlines!

Class Prophecy

1986-2010-1986-2010-

Dear Mrs. Cronin,

Wow! Would you believe it's the year 2010, twenty-four years since the class of 86 graduated from King Philip? We've been up to some unbelievable things since. Do you miss us yet?

Do you remember Shawn Chilli? Well, meet the President of the United States? John Finley is finally in his rightful position as King of Finland and Warren Cherry is the President of Ethiopia. The world hasn't been the same since!

Many of us went into business for ourselves like Rick Black, Cheryl Shanks, Anne Lacey, and Joe de Oliveira. Peter Russo manages a marina somewhere in the tropics, while Dan Eichen is selling Bob Arado designed space ships. Karen Nelson owns her own novelty shop and Tiffany Awalt set herself up a health spa for those of us who eat too much ice cream. Rob Simmer is owner and manager of Killington Mt. with Sharlene Widak as Official Ski Bum. Tracy Lefoll owns a multimillion dollar advertising agency, and Pam Weidman has her own restaurant. Matt Reed owns a men's fashion store with Donna Carchio and Amy Lewin as buyers. Denny O'Brien bought a resort, needed a maid, and hired Kelli-Ann McDonald, who earned enough money to travel the four corners of the world.

Roy Juergens went into the medical field as a paramedic. Kathy Harcovitz is a medical technician. John Grant, Cathy Conaty, Jen Meyer, and Mark Dynan are all doctors, Mark being into orthopedics. Marie Waters is a famous brain surgeon touring Europe. Bernadette Dumas is a physical therapist and Jeanne Wazan is an authority on dietetics and nutrition. Teresa Desilits, Jennifer Chutjian, Kathy Devine, and Paula Tyo went into nursing. Kathy is head nurse of anesthesiology at Mass. General driving her Corvette Stingray, while Paula's a nurse at New England Medical Center. Kris Cahalan is a pharmacist and Mae Krejewski is a public health administrator.

Probably the most famous of K.P.'s doctors is "Dr. Kelly." That's right, Kelly Darling took over Dr. Ruth's position as sex therapist. Kel's given me the inside scoop on all of K.P.'s couples.

This brings us to the many married, like Cindy Beste, Denise Errington, Sharon Schwartz and Dave Johnson. Tony Odoardi happily married his high school sweetheart, and is master of his own estate with slaves. Chris Slattery is the mother of 110 kids, while Nancy Daniels waits in the sun every afternoon for her rich husband to come home. Christie Ely's married, has two kids, and works with computers. Greta Johnson has 10 kids. Paulette Cadieux has 10 kids, too, but she's a farmer in the wilderness. John Plante's farming right down the road from Paulette. Gillian Hamlin is a housewife and mother, and Laura Chitty is leading an easy life with the one she loves. Tracie Smith's living comfortably, taking care of an army of Eric Jrs., while retired millionaire, Eric Osborne hands them money. Cheri Hosmer ignored Grandfather's warning and also got married. Ann Backlund is not only a mother and wife, but a printer as well. Oh, and Julie Houseworth is a hermit living in the Alabama Bayous in a Lazzara designed dreamhouse. (She built it, and I couldn't even pass his test!)

We've turned out some of the best in business like Robin Jones. Larry Cerrito and Lynn Kavanaugh are successful business administrators while Brenna Mayer is an executive vice-president. Missy der Hagopian, Dawn Jacob, and Deb Burlingame are executives. Jen Abernathy is an executive secretary. Rebecca Rausch is a certified public accountant. Kim Brookbush, Karen Beaston, and Lisa O'Neil also went into accounting. Beth Baker is in retail marketing and Jen Ryan is doing secretarial work for an airline.

A few members of our class have gone into beauty care. Renee Moreau and Kelly Farquehson have successfully gone into cosmetology. Robin Ritchie, Maureen Kade, and Liz Lynch are professional hairdressers. Lucky Tina Megna is Don Johnson's professional hairdresser. Sue Regina's doing well for herself as Adam Ant's hair and makeup artist. Mary Conlon is hairdresser to all the stars! (preferably the best looking men with the most money!) Tina Stracuzzi is designing their clothes, while Michelle Michalik is designing windows in shopping malls.

Would you believe one classmate, Deb Benson, not only opened her own health spa, but has her friends working with her? Anita Carson was put in charge of International Affairs while accounting is covered by Sue Bettinger. Deb Orlando is the physical therapist in charge of all aches and pains and all the children are watched at Kelly Moriarty's Day Care Center. Katy McGlynn, retired in Europe, is Deb's #1 member. Right next door to the spa is Sharon Murray's cafe where she creates things with health food.

Speaking of retirement; some of us sure knew how to do it and do it well! Mike Weir, Kurt Peters, Ed DeGorge, and Candy Knight don't know what to do with all their time while Kerry McNamara, Chris Caffin, and John Schramm don't know what to do with all their money. Art Jones is at one of his six houses around the world while Tom Odoardi is in Florida in his condo with lots of money. Stacy Signore is rich, living in California and Kurt Nuissl is driving his expensive sports car in Hawaii. Andrea Flynn and Diane Carew are lying on the decks of their yachts, sailing; Andrea in the Caribbean and Diane around the world. Bill Kannally is also in a boat. He's been in Lake Pearl with the never ending Keg for awhile now. Mike Hobbs and Kris Rietz are also very wealthy.

Others of us are successful and still working. Sharon McCann is a most successful woman in New York. Kevin Healey is a nuclear physicist for NASA, while Stacy Lynch is a head computer operator. Chris Bernard, Rich Conlon, and Art Connolly are prosperous computer engineers. Rob Rose went into Electrical engineering. Chris Stonionis and Charlotte Operach are expert genetic engineers designing a new Frankenstein. Joe Cormier went into Mechanical engineering. Engineers do it with style he tells me.

Sabra Gould and Jeff Beckers are architects. Jeff's in petroleum marketing, too. He promises to make a new fuel from garbage.

Dave Bouffard's a real estate agent. Donna Polillio is flying all over the world on Mike Bortolotto's planes, representing a large firm, and Tracey Nelson is a travel agent in Japan.

Tim Pothier is a master electrician competing with Russ Molloy. Tony Megna is a successful contractor and Jason Beksha is a professional sheet metalist. Brian Buja and Rob Sousa went into carpentry together. Darren Meau is pounding nails, too.

Kyle Lynch, lounging in Bermuda, just won Megabucks for his fifth time! Frank Durrick has hired Assassin John Hughes to kill Kyle and get his money. You see, Frank has been a professional Megabucks player for the past fifteen years and has never won.

986-2010-1986-2010-

Watch out Kyle!

The punk rock band "Human Decay" is made up of 86ers, too. Dave Unger plays keyboard and Chris Hughes plays bass. Bob Bruneau is also a member. They're touring Europe now and are a hit!

Cathy Leveroni is a writer for the famous soap opera, "Desperate Days." The star actress is Jen Marks. She plays the basic wealthy woman who cheats on her husband daily. Lynn Miller, Mike Damato, Darren Andrews, and Robin Ritchie all star in it, too. Oh, speaking of television; Ron Jacob is playing "Spanky" in a new revised "Little Rascals."

Eric Sutcliffe and Rob Cooke are astronauts. They haven't quite made it to the moon yet. They just sit in the spaceship and pretend. (Don't worry, it has rubber walls.) Space technology has gone far in spite of Eric and Bob. Noel Hamilton is the pilot of the space shuttle, flying people to their cottages on the moon. A few of her passengers were K.P.'s own Jerry Kelly, Kim Glynn, Dee Dee Hokanson, Scott Bender, and Cheryl Ware. Brian MacDonald, Chris Ricci, Keith McGown, and Rob Lacasse traveled to Noel's cottages and never returned.

Gymnist, Shawn Simpson won a few gold medals in the past Olympics and Steve Sullivan is racing bikes for the American team. Tom King accepted the Nobel Peace Prize last year.

Kurt Schaefer is a plumber with big bucks and Dave Lecuyer is a pressman. As head mechanic for a dragster team is Rob Goddard. Jim Davis is cruising around in a motor boat while his electric company makes him millions.

John Barret has gone into criminal justice. Andrea Swantak, judge on the U.S. Supreme Court, keeps letting John's defendants walk free because she feels sorry for them. This isn't helping Lisa Morrisette any. She's a prison entertainer. Others have gone into law, too. Greg Sheck is a cop on the L.A. Police Force, while Bill Redihan and Steve Zambezi are both Massachusetts State troopers. They've turned their life around and started prosecuting. Lisa Caprarella is an FBI agent in Russia. Amy Cosentino is a private investigator tracking down Chris Arnold for Sue Keefe, who's a lawyer in New York City. Amy's been trying to find Chris for ten years now. Nobody has yet told her that Chris is Goofy in Disney World, Florida.

Some of us are doing things others never dreamed of. Andrew Charlebois is a manager of night entertainment and Cindy Diamond is personal manager for D.V. Chippendale. Thuy Duczakowski is a photographer for Playgirl Magazine. Jane Sandberg is photographing male models with and without clothes and Christie Clarke is photographing underwaterlife. The Washington Redskins haven't been the same since Kristen O'Connell took over as their sports trainer. Michelle Reid just got interviewed in her mansion by "Lifestyles of the Rich and Famous." Diana Fernandez drives in every *Cannonball Run* as long as they're not sponsored by a donut shop. Lisa Malagrida races in the Indianapolis 500. She's won the past five! Lynette Roche is just into worldwide travel and making money. Laura McPherson is a 3rd degree brown belt in karate. Paul Flannery is an undercover nuclear physicist posing as a sea shell salesman. I'm afraid he's doing better at the sea shells.

Sam Pappas, the master of ice cream, is still driving around in his Trans. Am. Diane Crandell finally has her dream. She and Sly Stallone are best buddies.

Paul Morse and Bob Molloy are retired, wealthy electricians who now own Anheiseur Busch. Gary Purdon is Official Beverage Sampler and John Vine is liquor salesman.

The Armed Forces have a lot to thank the Class of '86 for. Frank Pladt is AWOL in Spain or Portugal. Jim Wiese is a mercenary, slowly fighting his way out of Central America. Dave Detroyer is fighting Commies and Ed Martisius is in the Navy. The U.S. Navy Seals have Brian Blinco running undercover missions in the jungles of the Philipines. Leigh Dwelley didn't quite make it through boot camp. He's lost somewhere in South America while Eric Burke is lost somewhere in the U.S.

Unfortunately, Chris Brooks, Mark Cook, Chris Carey, Karen Simon, and Jeff Gaquin are all among the missing. Colin O'Brien, Jim McCarthy, Marina Farrand, Tom Lester, Ed Piotrowski, and Cathy Patterson took a trip to the Twilight Zone and have yet to return.

You'd be happy to know some fellow students really loved school. Ted Vanlingen teaches little brats at his old elementary school. Beth Lindsay is a kindergarten teacher and Ed Moore is a science teacher. I hear the girls just love his Chemistry! Rob Kenerson decided to teach Electrical Related . . . his way. Ed Clarke is also a teacher. Karen Pennachio sure misses those school bells to keep her on time. Nancy Gouthro is coaching track and field.

Some of us haven't gone much farther since high school. Roy Nelson is still at Daleys pumping gas as is Bob O'Connell at Al's Mobil. Phil Walsh is a bus boy and Mike Parsons is a dishwasher. Ed Peavy could own the Merry-Go-Round, but prefers his position as stock boy. Steve Peloquin is now supervisor and Mr. A's right hand man, for the cleaning crew at Crosby. Sharon Washer, a waitress at DiMontes, and Andy Intrier finally graduated while Matt Ross is wondering where everyone else went. Nick Tobichuk is still trying to face reality.

Craig Newman, April Hardy, Jen Greer, Cindy Bettencourt, and Sue Johnson are all successful and happy. Monique Arsenault is the best at what she's doing and Marlene Bristol and Mark Fegan are highly paid and happy. Missy Benoit is living life to the fullest along with Kerry Lynn Kearns. Meanwhile, Kristen Grosser is a bag lady in Boston. Mike Dennis is now spreading some art around Boston with a spray can.

Trying to figure out the class of '86 are David Ainsle and Pam Soares. They are psychologists wondering what happened to us!! Maybe child psychologist Chris Bassignani might have better luck. Wendy Salisbury has her own practice in California and is too busy to care!

And as for me . . . Well, I just came back from Europe and I finally made it big! I'm going to be starring on Broadway in a new hit show, "Godzilla's Girlfriend!" Write when you have a chance. I have to go now, it's time for my massage.

So what have you been up to Mrs. Cronin? I hope your left brain hasn't been loafing too much, and all's well.

With love,
The Class of '86

KING PHILIP BAND

SABIAN
SABIAN

Doing their stuff at band finals.

The King Philip Band has been very successful this past year. Last May the K.P. Band traveled to Montreal, Canada to compete in *La Musique de Quebec*. The Marching Band captured a *first* place award as did the Jazz Ensemble.

The band also took several high music scores, *Best Drum Major*, *Best Band Front*, and *High Percussion awards*. On November 3rd the King Philip Band participated in the New England Finals at Nickerson Field in Boston. They took *first* place in Division I and were declared the *champions* of New England Scholastic Band Association competition circuit. The drum line also went undefeated this season. We wish you continued success.

GOOD LUCK!
